Re: Wood, Plastics & Cardboard/Mixed Waste Paper Recycling

Dear Bob and Dave,

Following is a summary of the volumes of wood, plastics and cardboard/mixed waste paper collected by Allied Waste Services at Project X during the following construction period: May 9, 2007 through April 30, 2008.

1. **Cardboard/Mixed Waste Paper** – 31 container lifts @ 3 cubic yards per container = 93 cubic yards of material.
2. **Plastic** – 11 container lifts @ .45 cubic yards per container = 4.95 cubic yards of plastic; and 7 container lifts @ 3 cubic yards per container = 21 cubic yards of plastic for a project total of 25.95 cubic yards of plastic.
3. **Wood** – 3 container lifts @ 20 cubic yards per container = 60 cubic yards of wood.
4. **Trash** – 7 container lifts @ 20 cubic yards per container = 140 cubic yards of trash.

Materials collected by Allied Waste were hauled to the following locations for recycling or processing:

- Cardboard/Mixed Waste Paper was taken to Western Recycling where it was processed for recycling.
- Plastic was taken to Western Recycling where it processed for recycling.
- Wood was taken to the Ada County Landfill wood waste area where it was chipped for re-use.
- All construction and demolition debris was taken to the Ada County Landfill for disposal.

If you need additional information or have further questions, please feel free to contact me.

Sincerely,

Rachele Klein
