RENTON, WA
PERMIT NO. 137

Your trash may be someone's treasure.

Before you take those usable, unwanted items to the dump, swing by the Reuse It! Renton Stop & Swap on June 1 to drop them off. Renton's Solid Waste Utility Department is holding this one-day event to help you swap stuff with your neighbors for FREE.

You're invited to stop and swap, whether you have something to drop or not. Stop & Swap is designed to divert quality goods from our waste stream and make them available to neighbors and non-profits who can benefit.

Keep usable
items out of
the landfill!
